Dear readers,

This is the only chapter that will (awkwardly) be in HQ. Lone Manga bought a random chapter for trial, but since most were quite satisfied with the former, we'll be back to the raws that we've been using in previous chapters.

I would have followed

It gets hard

Here we
go again...

Everyone!
Please pay attention
to the front.

I love kids, so I love my
job: teaching them.

I'm not actually a teacher.

*This is just
undercover work...*

for my real job as a secret agent.

*My mission is to observe
the hero candidate,*

*report on and
watch over him.*

And also...

Hey! Everyone
shut up!

*I would've buried those

Oh right! I'm a teacher! I could think of such things!

In all honesty,

*I know better

*I once dreamt of

content with this job.*

In all seriousness...

If you don't
shoot him...

Are you okay?
Oh my, that
looks painful.

I put too much focus into that punch...

*By the way, I specialize

- The following day-

*I was punished by
the branch manager.*

*Ah.., I don't want to
go back into class...*

*when I know that everyone
doesn't like me...*

Above all else,

I feel bad for Sung-tae...

I knew it. I'm...

BANG!

Miss Oh! Happy Teachers' Day!

So I hope that these kids...

*will be able to live in a
world where they won't
have to cry because of
conflicts caused by adults.*

*That is my
new dream.*

**Also, the two brats became
petite all of a sudden.**

War

When I was young, I didn't understand what was going on.

But when I became aware of everything, I knew that
this tragedy hit us due to our incompetent leaders.

To prevent history from repeating itself,
I did anything and everything

for this country.

for this country.

In the midst of it,
our nuclear supplies were depleted
and we were left in darkness.

The first superhero from the United States came to light.

I knew that this power was a new
hope that humanity needed.

Soon, I was entrusted to supervising
the project, "El Vaso Oscuro".

*Love manga &

I thought that it was the last thing
I could do for my country.

There was just one issue...

I didn't expect to spend so much time with you guys.

Hana awakened and was sent away.

What do you mean,
"classify all information"?
What happened?!

I know that I wasn't
confirming some superhero
conclusion.

It's probably
because no one came
back alive.

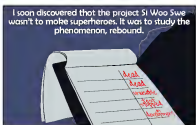

Superheroes don't come
as easily or as easily
like movies or comics.

Everything comes with a price.

-Editor's note-

Penguin Juice, the author of Hero Waltz has announced that the first season of this series will end at chapter 40.

For clarity's sake, I decided to leave this page at the end of the chapter (I'm guessing most of you guys aren't reading from our site where we first posted the message.)

There will be a second season, but it is planned after a different series the author is planning to work on to improve his art/style.

Also, I wanted to avoid using derogatory terms in manga/manhwa/web comics, so I left it half-censored. Deal with it.
